

MUTE.

OmniRoom

OmniRoom | MUTE.

The game-changing modular room-in-room system. A new level of comfort and flexibility.

The most complex and flexible office system

Countless ways of arranging employees' comfort.
Mix, arrange and rearrange easily to build a flexible,
human-centered workspace.

Ultimately comprehensive

From space dividers, to small free-standing rooms, to big multi-functional hubs. OmniRoom can serve any office purpose.

Modular to its core

Wall-mounted system of furniture

Every element can be hung on any wall
and at any height for unprecedented
accessibility and simplicity.

Plug & play

Freestanding

Build anywhere with no disturbance to the building.

No-tool assembly

Save time and money by assembling even the big structures in just a few hours with a patent no-tool wall-linking system.

Quick arrangement

Add wall-mounted furniture to any wall and at any height for your team's needs and comfort.

Why to invest in the future of work

Cost-effective

Spend less over time because OmniRoom is cheaper than traditional construction and infinitely more agile.

Futureproof

Meet any need over the years thanks to OmniRoom's flexibility and durable components.

Easy as 1-2-3

Choose a fit-out that meets your needs and assemble with ease: 20 minutes per 1 square meter with just three people.

Ready from day one

Plug OmniRoom in and it's ready to use: ventilation, lighting, and electric sockets are already integrated.

Portable

Disassemble and reassemble with ease in case of changing location. The most portable room you can imagine.

Flexible alternative

OmniRoom is a perfect alternative to building masonry and plasterboard constructions.

Designed for disassembly

Our engineers implemented DfD tactics to ensure the next practical use of each OmniRoom's element.

Hero aluminum

Aluminum construction of OmniRoom is 100 percent recycled material that can be reused over and over again.

Long-term investment

Highly durable components and modularity makes it a lifetime investment.

Easily repairable

Constructed with easily replaceable elements so repair is quick, cheap, and easy.

Light on CO²

Lightweight construction reduces CO² emissions in production and transportation.

OmniRoom | MUTE.

Simple. Beautiful. Sustainable.
